

Base Word Sample Pattern Word Lists with Weekly Teaching Plan

1. Identify grade level and target pattern.

4. Complete one or more associated Wordtivities on each day.

2. Locate the day of the week. Review the guidance provided in the grade-level overview for the selected day(s).

3. Select one or more word lists that match student instructional level.

5. Complete one Wordtivity from each recommended area. Multimorphemic words were created by adding affixes to base words introduced earlier in the week.

6. Complete one Wordtivity from each recommended area to strengthen orthographic representations. End each week with application to sentence writing.
